CORONA VIRUS (COVID-19) - COMPLIANCE ADVISORY

In the View of the emerging global scenario regarding COVID-19, RLG India being a responsible organization aligning itself with the guideline issued by the Government of India and in view of the health and safety of its employees, on-boarded Stakeholders and Clients, would like to issue the following advisory :

As per the notices, advisories issued by the Government of India and other Authorities for the purpose of prevention and Control of the Outbreak of Pandemic disease namely COVID-19 in India, it is important to prevent or minimize Social engagement between the Masses. So, as to keeping in view of the advisory RLG India would like to highlight that the in-formal sector is the major contributor of the E-Waste channelization in the system. So, as to prevent the spread of the COVID-19 Virus, RLG India would like to take strict action by stopping its Sourcing, logistics and Recycling Channelization of material to prevent the spread of the Virus to the Masses.

In order to do so, RLG India would require the support of all its partners to adhere to the guidelines issued by the Government of India from time to time and aware all the people in your ecosystem about the preventive measures to be taken to tackle the current scenario.

But RLG India assures to keep its services running and open for all out clients and partners. Beside we are also analyzing a structured way to keep our services running and minimize the impacts of the situation on our Services to our Customers and also to RLG India. Though the duration of the actual situation in the different regions of the country and areas of work will have higher or lower impact. Overall, our objective is to be pro-active in informing our customers, as we see limitations coming up in our services.

This measure is a part of our compliance and commitment to taking necessary steps to ensure the health, comfort and peace of mind of all our stakeholders both internal and external.
